Range

Under the surface, the Wessex LR range embodies over three decades of design innovation. A twin hydraulic cylinder configuration together with a full width scissor arrangement and a 5mm aluminium platform all combine to give strength and stability.

On the outside, a Bleu Sable architectural powder coat finish provides excellent exterior durability and colour retention. However, good design is not all about appearance; it is also about function, with the Wessex LR functionality has never looked so good.

Customer Care

At Wessex Lifts, what matters is total Customer care and attention. Wessex offers a complete service package – from project feasibility and professional advice, to home assessment, manufacture, installation and after sales service. From the time of your initial inquiry, our experienced personnel are on hand to offer the diamond class of personal service at every stage of your journey with us.
